Ogden, Wednesday, March 25.

WANT THE SHERIFF TO ACT

Citizens Appeal to Him to Close the Gambling Houses Now Being Run in Ogden.

Following the appeal sent to the county attorney on Saturday last, a committee of those who placed their names on the petition against permitting the gambling houses to run called on Sheriff B. B. Wilson yesterday afternoon and asked what steps he was going to take in regard to the matter. This is taken to indicate that the movers in the matter do not propose to let it die.

A copy of the appeal sent to County Attorney N. J. Harris was sent to the sheriff last week, urging him to take action in the matter. To the committee yesterday Mr. Wilson said he was there to do business. One member of the committee called his attention to a case where a woman had gone to one of the places referred to and demanded the return of money which either her son or husband had lost. He was unable, however, to give the sheriff the name of the woman referred to, hence the information was of no use to him. The sheriff assumed the position that inasmuch as these people had started the movement against the gambling halls they should be willing to aid him in securing evidence in order that he might make arrests and secure convictions. On the other hand the committee appeared to want the places closed rather than to have any arrests made.

It is said that some of those who are responsible for the circulating of the petition, are men who conduct pool rooms in the city and that they are smarting under some of the recent orders issued by the mayor regulating the hours their places should remain open.

A ludicrous feature that has developed in connection with the movement is found in the fact that some of those who placed their names on the petition have been pretty busy since apologizing for their action. They assert that they placed their names on the paper without first reading what it contained. However, the list stands as it was first presented.

C. A. Smurthwaite Is Trustee.

At the first meeting of the creditors of Daniel Ragan, held at the office of Judge A. B. Patton, referee in bankruptcy, yesterday, C. A. Smurthwaite was chosen as trustee and his bond was fixed at \$5,000. James McFarland, John B. Corten and Martin Barrows were appointed as appraisers of the stock. Creditors representing \$12,000 were represented at the meeting.

SPECIAL ANNOUNCEMENT

By the Management of the Louvre Rathskeller.

It is a well known fact that we always have the best musical attraction at this popular cafe, and the management, realizing that the public has become tired of the Hungarian orchestra, has, after careful investigation, secured the famous Miss Seneca and her orchestra, who, by the way, are Roumanians, and appear in their native costumes.

In securing this splendid orchestra, we have incurred considerable expense, but we feel justified, inasmuch as we are presenting to the music-loving public the only Roumanian orchestra in the United States.

We will inaugurate a special feature for afternoons, when, from 3:30 to 5:30 p. m., the orchestra will play during the principal hours for shopping.

and a special menu will be prepared for ladies and children who are down town.

Teas, coffee, chocolate, sandwiches, salads and dainties will be served between these hours, when we will cater particularly to this trade.

The initial appearance of the Roumanian orchestra will be on Thursday evening, March 26.

On Monday, March 23, there will be open house at the Louvre, when champagne punch will be served to the ladies and their escorts free of charge, under the direction of Mr. Peters, our liquid refreshment artist.

Special invitations for the occasion by mail.

The Seneca and a full house go together.

THE HERALD'S

PRIZE PUZZLE

Monday, March 23

SOLUTION—"Sweetest Candy in Utah," in Eite Candy Co.

WINNERS—First, Mrs. Walter Wright, 469 N. 1st West;

second, B. H. Townsend, 202 W. South Temple; third,

Clarence Bocker, 1751 S. 3d East; fourth, L. McKinnon,

524 E. 5th South.

KILLED BY A TRAIN.

San Francisco Man's Legs Cut Off by Short Line.

A man supposed to be Ernest Roth of San Francisco, was discovered along the tracks of the Oregon Short Line about four miles north of this city on Monday. Both of his legs were severed from the body. He was brought to the hospital here Monday night and later died. Although conscious at the time he was brought here he was unable to tell how he was injured and as yet no one has been found who could explain the mystery that surrounds his death.

The discovery of the body was made by two men giving their names as John A. Hammond and William D. Berg of this city. Roth gave the matron at the hospital the name of a brother, Paul W. Roth, 300 K street, San Francisco. A telegram was sent to that address shortly after the man's death, but as yet no reply has been received.

The supposition entertained in connection with the case is that Roth was stealing a ride on a freight train coming into Ogden and in some way fell beneath the wheels. The body is being held at Richley's morgue awaiting word from his relatives.

Ogden Will Be Important Office.

W. E. Herring, chief engineer of the forestry department, is in Ogden and is arranging to fit up offices in the First National bank building. He says the Ogden office will be as important a station as that in Washington, and that it will be as necessary for him to spend as much time here as in the national capital.

Seventeen engineers will be connected with the Ogden office.

Pleasant View School Closed.

On account of the prevalence of smallpox the public school at Pleasant View was ordered closed yesterday. This makes two schools in the county now closed for this reason. The Plain City school, which was closed last week on account of the disease, was opened on Monday.

are but two cases reported at Pleasant View, but the school authorities deemed it best not to take a chance.

Ogden Briefs.

SMYTH WILL RECOVER.—Thomas Smyth, who was injured in a collision between a street car and an automobile on Sunday last is reported to be improving and his recovery is expected.

LETTERS OF ADMINISTRATION.—A petition for letters of administration was filed in the district court yesterday by Eliza Jackson, in the matter of the estate of William C. Rawson, who died at Parr West April 26, 1891. The estate consists of real estate valued at \$2,000.

BLAZE THREATENS EUREKA

Prompt Action of Fire Department

Saves Lower Part of Town From Destruction.

(Special to The Herald.) Eureka, March 24.—A fire that might have ended disastrously to Eureka, broke out tonight at about 8:30 o'clock between the roof and the ceiling of the boarding house owned by James Eureka at the lower end of Main street. As usual the fire department was promptly on hand and no further damage resulted than the burning away of a few feet of shingles. The cause of the fire is not known, but a spark from an adjoining chimney must have done the mischief. The fire was settled there. The wind was blowing here tonight at the rate of forty miles an hour, and should the fire have attained the least headway nearly all the buildings at the lower end of Main street would have been destroyed, as they are nearly all old lumber shacks.

Sunshine for Stomach Sufferers

It's great and good news, though not altogether a new theory, that the stomach needs a kind of sunshine to keep it bright, sound and productive. But it is sunshine of a different form to that which is radiated by the sun. This sunshine is a lubricant, a corrector, a regulator, a remedy of wrong conditions, a therapeutic agent that causes stomach troubles to disappear and which does away with most of the serious stomach suffering to which we are all subject. The claims of this new stomach proposition have been proven, tried and tested, and the investigation has shown that Prosen's as sent out by the Cooper Pharmacal company of Chicago, has become the most popular and effective of home remedies for the cure of stomach ills of every order. The drug-gists dispense Prosen in this form of a prescription: Prosen Compound, one ounce; Compound Tincture of Cinchona, one ounce; Sherry Wine, half a pint. To be mixed either in the drug store or at home. The most stomach sufferers get exceedingly satisfactory help in digesting their food and ridding themselves of annoying stomach troubles by taking a teaspoon dose of this excellent Prosen prescription before meals and at bedtime.

BURIED IN COMMITTEE.

Washington, March 24.—The civic federation bill introduced yesterday by Representative Hepburn (La.), chairman of the committee on commerce, has been referred to the committee on judiciary. No date has been set by the committee for considering the measure.

PUBLIC LIBRARY ASSURED

Liberality of Mining Men and Citizens of Eureka Makes the Scheme Possible.

Eureka, March 25.—The erection of the public library will soon commence. Chairman James D. Slack stated immediately following the generous promise of Andrew Carnegie to donate \$10,000 for building purposes, a great impetus was given to the movement. The first contribution was from John Q. Packard, a large owner in Tintic mines, who will contribute his private library. Next in line came the Gemini Mining company with \$500, "Uncle" Jesse Knight with a like amount, and the following merchants have come forward with \$200 apiece: Heffernan & Thompson, the Bullion-Buck store and the Tintic Lumber company. All this money will be used for the purpose of buying the site and furnishing the building. Mr. Slack stated this morning that a great many old Tinticites have offered generous contributions in way of books, etc., and he has many promises from the other business houses and prominent professionals. Men. He has received a very encouraging letter from Professor B. N. Lehman, who states that he has taken the matter up with his company, and gives the committee great encouragement as to many kindly and timely suggestions. The future guidance of Professor Lehman at one time tried to have the Salt Lake public library establish a branch in Eureka, but his efforts were futile.

At the last meeting of the committee, appointed by the city council to manage the library matters, Contractor Watkins of Provo submitted plans and he is now at work on the specifications which, when finished, will be submitted to Mr. Carnegie for his approval. Just as soon as this is secured things will go forward with a whoop.

CELEBRATE THE EVENT.

American Fork Schools Give Program in Honor of Local Pioneer Day.

American Fork, March 24.—Today was local pioneer day at the public schools of this city, it being just fifty-eight years ago today since the first settlers of American Fork pitched their tents on the spot where now stands the most progressive small town in Utah. The afternoon was given over to the surviving veterans of that local historical event, and they spent the time in visiting the various departments and relating to the children incidents of their experience in those early days. For the past two weeks the children have been gathering all the data obtainable upon the events which took place in the early settlement of American Fork. At 2:30 in the afternoon a very interesting program was given in Science hall, which was well attended by the parents and patrons of the schools, who had been invited by the faculty. Judge Joshua Greenwood of Fillmore was the orator of the occasion, he being one of the children of the first settlement of American Fork, or Lake City, as it was first called. The remains of Mrs. Daisy Nelson-Hafen, who died in Provo Saturday night from the effects of childbirth, were brought to this city this afternoon for interment. Mrs. Hafen was the daughter of A. M. Nelson, formerly a resident of this city, and as they have other children interred here, it was the wish of Mr. and Mrs. Nelson that their daughter also be interred here.

MRS. RACHEL DAVIS DIES

Estimable Citizen of Provo Passes Away After Short Illness.

Provo, March 24.—Mrs. Rachel Davis, widow of the late Hon. W. W. Davis, died at her home this forenoon from fatty degeneration of the heart. The deceased was born at Tom's River, N. J., Jan. 29, 1845, and came to Utah in 1867. During the greater part of the time since then in this city. She has for many years been engaged in the millinery business, and in the latter part of her life she has been a wide circle of acquaintances and friends. Mrs. Davis returned from a visit to Salt Lake Monday evening, and was then indisposed, but death was not expected. She leaves seven daughters and two sons, and several grandchildren, together with numerous other relatives. The time of the funeral has not been fixed, pending advices from distant relatives.

PANGUITCH NEWS NOTES.

Pangutch, March 22.—Evelyn, son of William and Maggie Foy, died on the 21st of diabetes. The boy was nearing his birthday when he was seized with the disease. He was buried today and his schoolmates followed him to the tabernacle, headed by their teachers. He has been a sufferer for about thirty days, just hovering between life and death.

The infant child of Mr. and Mrs. Jesse Leasure died of convulsions. This makes nine babies that have died here from that disease since the first of February.

Parl Linford, one of our young men, met with a serious accident a few days ago. He was wrestling with Claud Housh, a wrestler, and in the struggle he had his leg broken. Dr. Clark attended to the broken limb and Parl is resting very comfortably and getting along nicely. Our schools that were closed on account of the measles will reopen again in the morning as no new cases have developed.

Nothing more delicious or enjoyable

Than a cup of good tea when properly brewed. It is impossible to get a better or more economical tea than

Hewlett's

Three Crown Natural Japan.

One pound will make 300 cups of the most delicious tea that could be made. Some people pay twice the price and do not get as good a quality. Ask your grocer for this tea today.

The more particular you are the better "Money Back"

Shoes will please you—all that shoemakers' art could produce are embodied in our offerings for spring, 1908. Original styles and lasts that fit and give comfort at prices in keeping with Money Back dealings. Davis Shoe Co.

REMANDED TO JAIL.

McCandless Must Stand Trial on Charge of Murder for Killing Moses Jones.

Lehi, March 24.—Duane McCandless, who killed Moses Jones on the 12th inst. by hitting him in the head with a beer bottle, was given a preliminary hearing today before Judge George Beck, County Attorney Thomas Johns conducted the prosecution and Judge Whitecotton looked after the defense. McCandless was remanded to the county jail by the justice to stand trial on the charge of murder before the district court.

Mrs. Don Loveridge died today after suffering for the past year from a cancer of the stomach. She leaves a husband and two daughters and a host of friends. She was born in Sweden in 1855. When 18 years of age she came to Minnesota and was married to a man by the name of Granberg, by whom she had two children. After her husband died she moved to Lehi and was married to Don Loveridge, who himself was a widower.

Sylvester Evans underwent a most delicate operation today by means of which a piece of his intestines was removed and the two ends spliced together again. The operation was commenced a week ago, but as the patient was suffering from smallpox at the time it could not be concluded. The doctors say the operation was extremely delicate and one and the final outcome will be in doubt for several days.

RICH INVENTOR DIES.

New York, March 24.—John Good, formerly president of the National Cordage company, died at his home in Brooklyn today. He invented a hemp packing machine from which he obtained royalties amounting to more than \$2,000,000.

UNDER THE KNIFE.

San Francisco, March 24.—Victor N. Metcalf, son of Secretary of the Navy Victor H. Metcalf, was successfully operated upon today at Lane hospital for appendicitis. He was reported at 6 o'clock this evening as resting easily.

Avoid Secret Stomach Remedies

Because Most of Them Contain Dangerous Ingredients, Which Produce the Drug Habit.

Thousands of people, having dyspepsia or stomach troubles in some form, continually "dope" themselves with all sorts of secret tonics, drugs, pills, cathartics, etc., which not only inflame and irritate the stomach and intestines, but in many cases cause the opium, morphine and cocaine habits.

You have a right and should demand to know what any medicine contains before you take it, unless it is put up or recommended by some reputable physician. Fakes and quacks will not put anything into their secret preparations, to make you like their useless stuff, so as to want more of it, until it makes you the victim of some drug habit, which will ruin your health in a short time.

Stuart's Dyspepsia Tablets are not a secret remedy, they do not contain injurious drugs, and they are recommended by thousands of physicians in the United States and Canada to their patients for dyspepsia, catarrh of the stomach, and all other stomach troubles resulting from improper digestion of food.

These wonderful tablets actually digest food because they contain the very elements that are required of a healthy stomach to properly digest food, thus acting as a substitute and giving the overworked digestive organs a rest and a chance to regain their former health, strength and vigor.

Stuart's Dyspepsia Tablets contain fruit and vegetable essences, the pure concentrated essence of hyaloid, and golden seal, which tone up and strengthen the mucous coats of the stomach and increase the flow of gastric and other digestive juices. Lactose (extracted from milk); nux, to strengthen the nerves controlling the action of the stomach; bismuth, to absorb gases and prevent fermentation, and pure aseptic pepsin (gov. test) of the highest digestive power. All of these are scientifically incorporated in these tablets or lozenges and constitute a complete, natural, speedy cure for any stomach trouble.

Stuart's Dyspepsia Tablets are sold in large fifty-cent boxes, by all druggists. Write us for a free sample package. This sample alone will give you sufficient reason to convince you. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.
